## DESCRIPTION OF THE CREST

The crest of the University contains the motto in Sanskrit, "Jnanam Vijnanasahitham" (Yagnatva Mokshasesshumbhat - Bhagavad Gita *IX.I*) which when freely translated would mean that "Knowledge together with the knowledge of the supreme, releases one from all evils".

At the heart of the crest is the lamp of knowledge. The surrounding atomic configuration signifies science. The ears of corn stand for prosperity. The tower on the top is the Kempe Gowda Tower and signifies that the city of Bangalore was founded by Kempe Gowda in 1537.

## Restructuring of Undergraduate and Post-Graduate Programmes

The role of Universities and Colleges in the 21<sup>st</sup> Century extends far beyond traditional knowledge creation and dissemination to encompass new expectations for innovations that will have broader social and economic benefits. Therefore education in the 21<sup>st</sup> Century has undergone a paradigm shift. To cater to the needs of students with diverse talents, aspirations and professional requirements, Bangalore University has made qualitative changes in its undergraduate and post-graduate programmes. In order to pursue holistic approach and to bring in flexibility into the system, multiple exit options with multiple degrees are allowed in the Faculties of Arts, Science and Commerce.

For multifaceted development of students, the curriculum emphasizes on a wide variety of courses to enhance their knowledge in several core courses including those in languages, and subjects in Arts, Science and Commerce, and value-based and skill development courses. The University has also introduced Choice Based Credit System in all the undergraduate and postgraduate programmes. The system places the University at par with the global practices in terms of academic standards and evaluation strategies, retaining the structures of the present undergraduate and post-graduate programmes.

In spite of the all activities, the Directorate of Physical Education, Bangalore University is conducting regular coaching camps in different disciplines and summer coaching camps for upcoming University Players with added fitness program for Bangalore University Sports men & women.

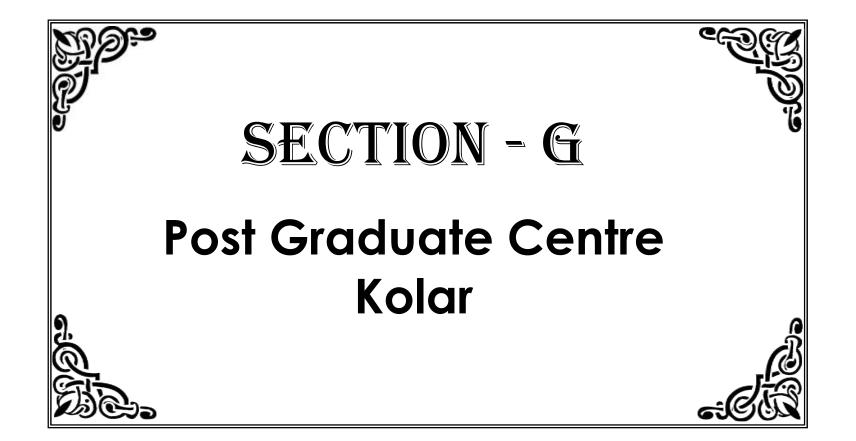

# SECTION F - PHYSICAL EDUCATION

A Special feature introduced by the University for the benefit of sportspersons is to allow them to take a special examination, when they are missed the regular examination due to participation in International Sport events or when they represent nation during the period of regular examination conducted by the University. It is first of its kind in the State of Karnataka and this has added the feather & motivation to upcoming sports persons for their achievements in their respective field of sports.

All these achievements in the field of sports and games were possible because of the encouragement given by our Bangalore University authorities, Hon'ble Vice Chancellor, Respected Registrar, Finance Officer, Syndicate Members, Academic Council Members, and Sports Board Members of Bangalore University. The Bangalore University, Bangalore authorities increased cash award money to winners and the hard work put up by our Physical Education fraternity and coaches has gone a long way in the achievements of sports awards. But the final credit goes to the sports men & women of our University.
