Subject: Appreciation for your valuable contribution towards odour free Kumbh Mela 2019 in Prayagraj

The Kumbh Mela is the largest congregation of humans in the world. Following the rich legacy of the event which is held since time immemorial at the sacred confluence of three rivers – Ganga, Yamuna and mystical Saraswati, the Prayagraj Mela Pradhikaran hosted pilgrims, seers, visitors and tourists from across the globe during the Kumbh Mela 2019 held at Prayagraj between 15th January to 4th March 2019.

Kumbh 2019 witnessed unprecedented efforts to offer a distinctly superior Mela experience to the visitors. Sanitation, infrastructure as well as behaviour change, found supreme attention under the banner – 'Swachh Kumbh'. Prayagraj Mela Pradhikaran thanks you for translating the vision of Odour Free Kumbh Mela into reality.

The odour management solution developed by Department of Environmental Science, Bangalore University and deployed in Kumbh Mela 2019 through empanelled vendors for Operation & Maintenance of toilets was highly effective. This innovative environment-friendly solution not only reduced odour significantly but also accelerated digestion of contained sludge generated from more than 1.15 lakh toilets and urinals deployed during the Mela. The team of researchers and students successfully implemented the lab-to-field scale up and deserve whole-hearted appreciation.

We wish you all the best for your future endeavours.
